Hi Jose,

I understand that you are out of the office this week. No need to respond. However, with respect to Kipp, they are looking at several possible mitigation projects. I understand that Kipp has been speaking with Eleanor about several technical issues associated with these options. Kipp hopes to provide Eleanor with some data on the proposals in the near future (later this week or early next). They (Eleanor and Kipp) may need to have another call after this data is shared.

Todd,

We have received our waiver from DOJ so I am forwarding the draft ACO and our appendixes. My understanding is that you guys would have A, B and C. I am out next week so if we can get back together on this the week of the 17th, I would appreciate it.

Also can you let me know at that time what Madison Kipp is planning on doing going forward. We need to get this done. Thanks,

Jose C. de Leon, Esq.
